Language:	English
Co-organizers:	The Hong Kong Institute of Surveyors Royal Institution of Chartered Surveyors
Supporting organization:	Institution of Civil Engineering Surveyors
Deadline for registration:	15 May 2007

### Programme Highlight:

In this seminar, Mr. John Bacon will draw on his considerable experience and offer guidance on some of the techniques of tendering and, if time allows, some issues to be aware of with insurance clauses of contracts.

### About the Speaker:

John Bacon joined consultants E C Harris over 40 years ago and has spent over 20 years as one of their (then) few national and international trouble-shooters; people who were parachuted into a problem situation, usually a dispute, on behalf of an employer or contractor or subcontractor and who required advice and hands-on assistance with their problem. He has specialized in tunneling, geological and geotechnical engineering and ground treatments, water industry projects, heavy engineering production plants, dams, roads and motorways. He also spent some 6 years commercially leading the track renewals of the UK West Coast Route Modernisation programme (at £2.5 billion one of the biggest contracts ever let) for Railtrack/Network Rail.
