Abstract

Once a contract comes into existence and work commences, events occur which can result in a claim based on the contract documentation. However, not every claim is valid, so it is important for the contractor to prepare the claim in a way which will make it easy for the Engineer / Architect to understand and agreed. Mr. Jeffrey Wong will discuss the following topics in various seminars: -

1. Right to damages under common law and right to recover additional expenditure under the contract.
2. Presenting the claims.
3. Notice requirements.
4. Prolongation cost claims.
5. Loss of Profit.
6. Cost escalation and depreciation of plant.
7. Interest and finance cost claims.

Priority will be given to ICES / HKIPM members, thereafter place will be allocated on the "first come, first served" basis. Please register on-line via www.ices.org.hk/home.php or fax the reply form to the attention of Mr. Patrick Wong at 25233823. The number of participants is limited to **100**.
