

SITE VISIT

Ocean Park Development

Ocean Park has kindly provided the members of ICES the opportunity to visit the sites of their latest development - Thrill Mountain and The Polar Adventure. Thrill Mountain will be the fastest adrenaline-boosting rides in the Park. Polar Adventure will house the animal ambassadors from the North Pole and South Pole. ICES may appreciate the challenges that the project team faces for the construction these facilities in a park with more than 6 million visitors per year.
