

TECHNICAL VISIT

TKO Biodiesel Plant

The TKO-Biodiesel Plant is invested by ASB Biodiesel (HK) Ltd. (Middle East funds) to produce biodiesel fuel using cooking oil and grease trapped waste collected from local community. The plant is situated on a lot of 18,000 m² and will have a capacity of producing 100,000 tons annually. ICES may appreciate the challenges that the project team faces for the construction of the first biodiesel plant in such scale in Hong Kong.

Date: 18 January 2014
Meeting Time & Point: 9:45 am The Entrance of the Plant (See the Map attached)
Time: 10:00am to 12:00pm
Fee: Free

* Participants are recommended to bring your own **Safety Shoes**. Photo taking is restricted during the site walk except for internal training purpose. Photos are strictly prohibited to be uploaded to the Facebook, or any kind of media for sharing.

Please register on-line via <http://www.cices.org.hk> or **fax** your reply form to 2687 2252. For enquiries, please contact Ms. Cordia Yu (Tel: 2687 2267). The numbers of participants are limited and it's on a first-come-first-served basis. In addition, members will have the priority to attend the site visit.

Disclaimer: The Chartered Institution of Civil Engineering Surveyors has not arranged any insurance coverage for any participants on any personal accident, property loss/damage or virus inflection arising from this function. Participants should make their own insurance arrangement at their expenses.
