Asia Construction Conference 2016

Building sustainable capacity: challenges & solutions

Friday, 8 January 2016
09:00-17:00

The Ballroom, Level 7
Cordis Hong Kong
(formerly Langham Place Hotel)
Langham Place, Mongkok
Kowloon, Hong Kong

Industry leaders and government representatives discuss the roadmap for Asia’s future development at the first ever RICS Asia Construction Conference.

Gain insights into:

1 Causes and solutions to construction cost instability.

2 Latest methods for lowering carbon emission, e.g. zero carbon design and asset enhancement.

3 BIM responsibilities, risks, and ROI.

4 Case studies from the government, and from projects around the world.

Gold Sponsors:

The Hong Kong Jockey Club

Turner & Townsend Brechin

Event Overview

The inaugural RICS Asia Construction Conference will address a range of issues affecting Asia's development today. Construction costs are unstable. Carbon emission remains a major concern. BIM looks to become a new standard, but is uncharted territory for many. This RICS conference will be a platform for regional industry leaders and the HKSAR Government to discuss these topics in depth.
