**Invitation for the Chartered ICES Annual Dinner on 22 April 2016 (AD2016)**

The Chartered Institution of Civil Engineering Surveyors (ICES) began in 1969 as the Association of Surveyors in Civil Engineering and was incorporated in 1972. Its objective is to encourage and regulate the professional aspirations of quantity surveyors and land surveyors working within the civil engineering sector and to enhance the value of their services to the public. Our surveyors have developed a distinctive expertise and understanding of the special surveying requirements of the civil engineering industry.

In view of extending our services to our members in Hong Kong, our regional committee members organize continuing professional development functions as well as other social activities. Recently, we have also launched our services to our members and other prominent professional bodies in Macau, Mainland China and Malaysia in order to foster the One Belt One Road development and promote the profession of ICES. The number of our memberships in China has been expanding steadily in recent years. In the near future, our membership will soon reach every corner in the Asia Pacific and Greater China Region.

To celebrate the hard work and success of our profession over the year, ICES (Hong Kong Region) is holding its Annual Dinner 2016 **and our President Mr. David Loosemore and our CEO Mr. Bill Pryke will come to join our Region's annual dinner this year. The Annual Dinner 2016 will take place in Level 6 Grand Ballroom of the Royal Plaza Hotel (Address: 193 Prince Edward Road West, Kowloon) and it will commence from 7.00 p.m. of Friday 22<sup>nd</sup> April 2016.**

In this most precious moment every year, nearly all our members, honorable guests and representatives from respectable professional institutions will gather and share the joy of our achievement together. Partnering champions in our industry like you, we cordially invite you to join us. In addition to this, you may consider giving our members and guests a chance to learn more about latest news, come across product solutions and explore the expertise of your company.

All members and industry professionals are cordially invited to this event and guests or accompanying persons are also welcome to this delightful party.

**The program of the party will be:**
