Exciting showcases by leading 70+ leading exhibitors including:

Huawei Technologies @ Booth E01

Join us at the Huawei Technologies Stand, E01 to learn about on the limitations and evolutions of existing fixed and wireless rail communication technologies and how modern technologies will help them to carry high availability and robustness of their infrastructure today in through phases of significant growth and dynamic, and how data processing and technologies such as Railway IoT and Urban Rail Cloud offer opportunities to reduce operational costs.

Bombardier Transportation @ Booth E11

At Asia Pacific Rail, Bombardier will be showcasing the INNOVIA Monorail 300 System, the game changing urban transit solution. We will also be featuring our Communication Based Traffic Control (CBTC) interactive global map as well as a Virtual Reality experience in rail revolution. Come by to have a look and receive a Bombardier corporate gift too!

MOXA at Asia Pacific Rail 2018 @ Booth F15

Moxa will also showcase its latest solutions, which have been tailored for the rail industry. Moxa's key display will demonstrate a reliable wireless solution with 802.11n fast secure roaming and under 50 ms handoff time that is tailored to meet the strictest quality and safety standards for CBTC systems. An integrated IP solution specifically designed for Ethernet Train Communication Networks based on the IEC 61375 standard will also be on display.

Plus, there will be product launches and great opportunities to win exclusive collectables across the two days!
